### Maid Service on the Rise

With corporate moves on the rise again, providing assistance with maid service seems to be increasing as well. Maid Service can be provided at origin or destination, and in many cases preformed on both ends of the move. Origin maid service provides final clean up of the home they are leaving, while destination maid service provides settling in services which include, unpacking, putting items in cupboards and closets, and cleaning of their new home.

#### Outline of Move OUT Services at Origin:

- Typically 5-6 labor hours
- Performed after the movers have emptied the house of all furniture and packed boxes
- Includes vacuuming all floors, hard surfaces, stairs and carpets
- Clean inside & outside of all appliances
- Damp wipe & disinfect all sinks, tubs and countertops
- Cleaning of window sills and window ledges
- Removing all cobwebs
- Vacuum, and dust ceiling fans and light fixtures
- Damp wipe storage areas, inside & outside of cabinets and drawers
- Vacuum louvered doors and wooden shutters
- Empty all trash

#### Outline of Move IN Services at destination:

- Typically 8-10 labor hours
- Performed before the shippers household goods have arrived, during the move-in, or after the shipment has arrived, depending on the shipper's request & needs
- Includes any or all of the above services PLUS
- Unpacking and putting away of any items (for example - kitchen items, bathroom items, clothes in dressers, making up beds, helping organize household set up).

## CMS honored by the Stow Munroe Falls Chamber of Commerce

The Stow Munroe Falls Chamber of Commerce has awarded Custom Movers Services' new building with its Annual Economic Development Award. With the vision of expanding CMS and eventually doubling in size; CMS purchased a building in Stow, Ohio. Dean redesigned the building into a new corporate office to accommodate that growth and expansion. Working together with an area architect and builder, that dream became reality in 2009. Our new facility at 3290 Kent Road in Stow, Ohio is beautifully landscaped; and has added a vibrant building with sophistication to the business district in our city. Shortly after the completion of the building and landscaping, the Stow Munroe Falls Chamber of Commerce selected the new CMS Corporate Headquarters to receive its Economic Development Award. Pictures of our new facility can be viewed on our updated web-site this fall. Dean accepted the award on behalf of CMS at the Chamber's Annual Awards Ceremony.

CONGRATULATIONS to Dean and CMS!
